

CREIDU & MARC SYMPOSIUM 2018

# Preventing and responding to opioid overdose in Victoria: Developments and opportunities

The Centre for Research Excellence into Injecting Drug Use (CREIDU) and Monash Addiction Research Centre (MARC) are proud to host a Symposium focusing on opioid overdose in Victoria. With an interactive format and exciting mix of speakers, the Symposium draws together researchers, affected communities, policy makers and practitioners to present on local Victorian developments in opioid overdose prevention and response.
